- I am able to handle multiple tasks on a daily basis, I use a creative approach to problem solving.
- Proven working experience in software development.
- Organized extremely detail- oriented and capable of multitasking in a fast paced, deadline driven environment.
- Motivational working style with a record of ensuring the performance, quality and responsiveness of website.
- Excellent interpersonal, communication skills with proven abilities.

PROFESSIONAL EXPERIENCE

- Having 4 Months training of C,C++, Java from Ditya infotech. pvt. Ltd.
- Having 2.5 Months training in Web Desining & Web Development from Ditya infotech. pvt. Ltd.

All About Technical, Full-stack Developer

- Developed and deployed an ERP system called JMD Securities, utilizing PHP, MySQL, JavaScript, and Ajax for efficient backend and frontend functionality.
- Created and managed databases for the ERP system to ensure smooth data flow and performance.
- Built and maintained websites similar to hbpatala.com  , focusing on enhancing user experience and optimizing performance.
- Worked on an existing School Management System, resolving bugs in modules like student admissions, fees management (tuition and bus), employee salary, and class schedules.
- Managed and maintained web servers, using cPanel on platforms like Hostinger to configure and manage websites and domains.
- Handled domain registration, DNS settings, and website hosting to ensure continuous uptime and availability for clients.
- Configured and optimized server settings, improving the security and reliability of web applications.

01/2024 – 07/2024

Abohar, Punjab, India

Freelance work

- Developed a web application for **Parnami Bags** (parnambags.com ), a client's bag shop, to manage all aspects of their business, including **stock, sales, purchases, expenses**, and more.
- Used **PHP, MySQL, JavaScript**, and **Ajax** to build a dynamic system that allows easy tracking and management of inventory and financial transactions.
- Created a user-friendly dashboard to help the client monitor **stock levels**, manage **sales records**, and track **purchases** and **expenses** efficiently.
- Handled domain registration, hosting, and website configuration, ensuring high performance and uptime for the application.

08/2024 – 08/2024

Sri Ganganagar, Rajasthan, India

Sehjivi Digital Solutions, Full-stack Developer

- Developed a CRM system for **Kissan Gurukul** (<https://crm.kissangurukul.com/> ) using **PHP, MySQL, JavaScript**, and **Ajax**. Integrated **Twilio API** for SMS functionality, enhancing communication with users.
- Built a Laravel module to capture user **live photos** and **location** using **Google Maps API**. Despite initial unfamiliarity with Laravel, implemented this feature using **PHP** and **JavaScript** in the **public folder** without utilizing controllers or modules.

09/2024 – present

Sri Ganganagar, Rajasthan, India

- **Created a hybrid mobile app for Kissan Gurukul** (<https://play.google.com/store/apps/details?id=io.kissan.com>) using **Ionic Framework** with **React**. Deployed the app on the Play Store. Overcame initial unfamiliarity with **React** and **Ionic** by leveraging online resources and documentation.
- **Debugged and enhanced an existing POS system** built with **Angular, PHP, and JavaScript**. Added new modules and resolved bugs to improve system functionality. Despite initial unfamiliarity with **Angular**, quickly acquired the necessary skills and contributed to the project's success.

SKILLS

Programming Language - Java , C , C++, php

Framework - Laravel , React , ionic react

Database - MYSQL , MSSQL

Practical experience with Laravel, React, and Ionic React, with limited theoretical knowledge.
